Yes , we ship to Germany and we accept pay pal payments.

Please let me know what you are looking for and I will send you a freight quote

Due to tax collection changes, you can't pay on-line, I have to send you an invoice.

We do not charge or have to collect tax for any of the European countries yet.

You can also go to our website, www.precisionap.com

Use 1 for login and 1 for password , you can search for additional obsolete parts.

If you find anything of interest, let me know and I will quote you the price and freight.

Best regards,
